MUST
NEW MED GLOVES

NITRILE disposable glove 3,5 gr BLUE - AQL < 1.5

Disposable **NITRILE** non-sterile gloves.
Micro-rough surface. Completely free of latex, phthalates and talc, ideal for sensitive skin. Manufacturing material, thinness and excellent elasticity give the product a high versatility of use.
Latex-free.
The gloves can be used both as a **Medical Device** (for outpatient settings, dressing and dental use) and as **individual PPE** (for protection from chemical and biological risks).
