

ALOE VERA

NEW MED GLOVES

LATEX disposable glove with ALOE VERA

Disposable, **pure natural rubber latex**, non-sterile gloves with **ALOE VERA**. Textured surface. Phthalate-free. Does not contain lubricant powder.

Fitted with sufficiently long cuff to allow the perfect adherence to wrists and prevent rolling. **Powder-free**, with chlorinated inner lining for easy donning and good grip.

Seamless, without holes or burrs and suitable thickness to ensure tactile sensitivity and optimal dexterity. Glove with excellent elasticity and with a high degree of resistance to stretching.

The inside of the gloves is evenly coated with ALOE VERA through an oil-free cold cycle. They are subsequently dried to preserve all their characteristics, without altering the beneficial properties of the plant. The gloves react to the warmth and moisture of hands to reactivate the **beneficial properties of ALOE VERA**.
