

GOWN

40 G/M² NON-WOVEN FABRIC
SURGICAL GOWN

MD

CODE NM-RW-20

- CLASS I MD
- CAT. III PPE

SMS polypropylene PP (35-40 g/m²) surgical gown, with long sleeves, belt and tie rear fastening, and elastic cuffs. Available in various sizes.

The product is made of 100% recyclable fabric, produced with non-woven technology and PP raw material. It is obtained by adding a melt-blown layer, which acts as a filter, between two spun-bond fabrics. Thanks to its waterproof and filtering structure, it is a breathable fabric that prevents the penetration of viruses and bacteria.

It is used in all sectors that require hygiene and protection. Excellent strength, water-repellent, breathable, ventilated and soft, odorless, non-sterile, and elasticated cuffs.

Seamless single piece. Waist fastening: adjustable with ties. Back neck closure: adjustable with ties and reinforced neckline trim. Good fit and drape effect. Suitable for use in outpatient settings, for wound dressing and patient assessment.

Available in BLUE - anti-glare and fade-proof color.

MISC. SIZES / COLOR BLUE / CARTON OF 100 PCS.
