

IRON

NEW MED GLOVES

NITRILE disposable glove 6,8 gr BLUE - AQL < 1.5

Disposable **NITRILE** non-sterile gloves.
Micro-rough surface. Completely free of latex, phthalates and talc, ideal for sensitive skin. Manufacturing material, thinness and excellent elasticity give the product a high versatility of use.
Latex-free.

Glove with excellent elasticity and high degree of tensile strength. Suitable for care/ambulatory use.

The glove can be used both as a **Medical Device** (for outpatient use, medication, dental and at the administration of **antiblastics** and **chemotherapeutics**) and as **individual PPE** (for protection from chemical and biological risks).
