

CAPE

ROLL OF WATERPROOF CAPES

MD

CODE NM-AB5080

• CLASS I MD

The cape is made of a pure, long fiber, cellulose wadding (tissue) coupled with high density polythene.

A die cutter pre-cuts each single cape for quick tear.

The highly absorbent and waterproof cape ensures excellent patient comfort.

60 capes measuring 50x80 cm in a roll.

ONE SIZE FITS ALL / COLOR LIGHT BLUE / CARTON OF 6 ROLLS
