

CARBONYTE

NEW MED GLOVES

NITRILE disposable glove 5,5 gr BLACK - AQL < 1.5

Disposable **NITRILE** non-sterile gloves.
Micro-rough surface. Completely talc-free, ideal for sensitive skin. Excellent sensitivity and high resistance make it suitable for use in both the wellness and professional sectors. **Latex-free**.

Powder-free, with treated inner coating so as to ensure equally ease of wearing and good grip. Glove with excellent elasticity and high degree of tension resistance. Suitable for professional use.

The gloves can be used as individual **PPE** (far protection from chemical and biological risks).
