

DETECTABLE

NEW MED GLOVES

Disposable NITRILE glove 3,5 gr BLUE/BLACK

Disposable NITRILE non-sterile gloves.
Micro-rough surface. Blue exterior, black interior.

Completely free of latex, phthalates and talc, ideal for sensitive skin. Latex-free.

Thanks to a magnetization treatment, fragments up to 5 mm³ can be detected by metal detectors.

The glove is detectable by metal detectors, therefore indicated and indispensable in the working processes of the Food chains.

The glove can be used as individual PPE.
